

Undergraduate School Level 1 Prizes 2010-11

Prize	Awarded to	Programme	Selection Criteria
Biochemistry First Year Prize	Devon Pendlebury	Medical Biochemistry	Best overall performance in one of the single honours degrees in Biochemistry or Biotechnology
Stephen J P Wilson	Lauren Mecia	Medical Biochemistry	Best all round performance in one of the single honours degrees in Biochemistry or Biotechnology including non-academic achievements
Microbiology	Thomas Macleod	Microbiology with Immunology	Best overall performance in a programme of study leading to the degree of BSc in Microbiology, Medical Microbiology, Microbiology and Immunology or Microbiology with Virology
Biological Science	Eve Jarrard	Biological Sciences	Best overall performance in a programme of study leading to the degree of BSc in Biological Sciences
Ed Wood Quantitative Biochemistry	Benjamin Hawley	Medical Biochemistry	Best overall mark in Quantitative Biochemistry as judged by the aggregate module marks for the modules BIOC1302 and BIOC1303
Sport & Exercise Science	Timothy Bruce	Sport and Exercise Science	Best overall performance in a programme of study leading to the degree of BSc in Sports and Exercise Science
Sport Science & Physiology	Clare Capon	Sport Science and Physiology	Best overall performance in a programme of study leading to the degree of BSc in Sport Science and Physiology
Covance Pharmacology	Aaron Bradshaw	Pharmacology	Best overall performance in the Pharmacology programme
Human Physiology	Stephen Ellison	Human Physiology	Best overall performance in a programme of study leading to the degree of BSc in Human Physiology
Medical Sciences	Adam Hyman	Medical Sciences	Best overall performance in a programme of study leading to the degree of BSc in Medical Sciences
Neuroscience	Alexandra Kelman	Neuroscience	Best overall performance in a programme of study leading to the degree of BSc in Neuroscience
Biology	Eloise Brown	Biology	Best overall performance in a programme of study leading to the degree of BSc in Biology
Ecology & Environmental Biology	Stephen Ives	Ecology & Environmental Biology	Best overall performance in a programme of study leading to the degree of BSc in Ecology & Environmental Biology
Genetics	Budour Alkaf	Genetics	Best overall performance in a programme of study leading to the degree of BSc in Genetics or Human Genetics

Undergraduate School Level 2 Prizes 2010-11

Prize	Awarded to	Programme	Selection criteria
Biochemistry Second Year Prize	Robert Schiffrin	Biochemistry	Best overall performance in one of the single honours degrees in Biochemistry or Biotechnology
Leeds Naturalist in Plant Science	Sam Fraser	Genetics	Best performance in Plant Science
Biology	Elizabeth Love	Biology	Best overall performance in a programme of study leading to the degree of BSc in Biology
Francis William Dry Prize (Zoology)	Rebecca Welch	Zoology	Best overall performance in a programme of study leading to the degree of BSc in Zoology
Genetics	Sam Fraser	Genetics	Best overall performance in a programme of study leading to the degree of BSc in Genetics or human genetics
GE Healthcare (Med Sci)	Helen Please	Medical Sciences (Int)	Best overall performance in a programme of study leading to the degree of BSc in Medical Sciences
AstraZeneca Prize	Maria Velkova	Pharmacology (Ind)	Best overall performance in a programme of study leading to the degree of BSc in Pharmacology
LHASA prize in Toxicology	Kathryn Gent	Biological Sciences (Ind)	Best performance in Toxicology module BMSC 2214
Human Physiology	Richard Westley	Human Physiology	Best overall performance in a programme of study leading to the degree of BSc in Human Physiology
Neuroscience	Alice Ridgeway	Neuroscience(Ind)	Best overall performance in a programme of study leading to the degree of BSc in Neuroscience
Microbiology	Michaela Conley	Microbiology with Virology	Best overall performance in a programme of study leading to the degree of BSc in Microbiology, Medical Microbiology, Microbiology and Immunology or Microbiology with Virology
Society for General Microbiology	Michaela Conley	Microbiology with Virology	Best overall performance in a programme of study leading to the degree of BSc in Microbiology, Medical Microbiology, Microbiology with Immunology or Microbiology with Virology
Biological Science	Kathryn Gent	Biological Sciences (Ind)	Best overall performance in a programme of study leading to the degree of BSc in Biological Sciences
Sport & Exercise Science	Karl Scarth	Sport & Exercise Sciences	Best improving student in Sports and Exercise Science
Sport Science & Physiology	Bethany Parsons	Sport Science & Physiology	Best improving student in Sports Science and Physiology

Undergraduate School Final Year Prizes 2010-11

Prize	Awarded to	Programme	Selection criteria
Biochemistry, Biological Science and Microbiology programmes			
Frank Happold	Robert Turnbull	Biochemistry	Best overall mark in one of the three year honours degrees in Biochemistry or Biotechnology
Biochemistry 4 Year Programme Prize	Joel Beevers	Biochemistry (Ind)	Best overall mark in one of the 4-year single honours degrees in Biochemistry or Biotechnology
Donald Nicholson	Francesca Wood	Biological Sciences (Ind)	Best overall mark in the BSc Biological Science programme
Donald & Marjorie Robinson	Joel Beevers	Biochemistry (Ind)	Best final year project in one of the single honours degrees in Biochemistry
British Society for Immunology	Mohammad Haider	Microbiology with Immunology	Best overall mark in the Immunology-related modules over all three years, awarded to finalists on the honours degrees in Microbiology with Immunology (and Industrial and International variants)
Douglas Watson	Mohammad Haider	Microbiology with Immunology	Best overall mark in the BSc Microbiology, Medical Microbiology, Microbiology & Immunology or Microbiology with Virology programmes
Biology programmes	Awarded to	Programme	Selection criteria
Yorkshire Agricultural Society medal	Beth Lloyd	Biology (Int)	Best overall mark in the agricultural sciences programmes. A high academic standard is required, but all relevant qualities are taken into account. The student is presented with the medal at the Great Yorkshire Show. Usually regarded as the best of the 'agricultural' prizes.
Royal Agricultural Society of England Student Award	Charlotte Hempson	Biology	Outstanding performance over the course of study within the field of agriculture.
Edward Broadhead	Daniel Grainger	Ecology & Environmental Biology	Best final year field project for Biology and Ecology programmes
Leeds Naturalist in Zoology	Caroline Howlett	Zoology	Best final year field project for Zoology programmes.
Wynn Owen	Delia Tarantino	Human Genetics (Int)	Best final year laboratory project for Zoology and Biology programmes.

Seton	Beth Lloyd	Biology (Int)	Best performance in one of the agricultural sciences programmes.
BOCM Pauls	Harriet Clifford	Zoology	Best performance in agricultural sciences modules contributing to any of the Biology programmes.
Centenary prize in animal nutrition	Charlotte Hempson	Biology	Best performance in animal nutrition contributing to any of the Biology programmes.
Alistair Stewart	Sarah Aref	Genetics (Human Genetics)	Best performance in human genetics
Biology	Liane Hobson	Biology	Best overall performance in a programme of study leading to the degree of BSc in Biology
Zoology	Fleur Nicholas	Zoology	Best overall performance in a programme of study leading to the degree of BSc in Zoology
Genetics	Rachel Goddard	Genetics	Best overall performance in a programme of study leading to the degree of BSc in Genetics or Human Genetics
Biomedical Science Programmes	Awarded to	Programme	Selection criteria
GE Healthcare final year (Med Sci)	Hannah Robinson	Medical Sciences	Best performance on the degrees in Medical Sciences
Gould Prize in Physiology	Sarah Jones	Human Physiology	Best performance on the degrees in Physiology
Physiological Society Prize	Charlotte Cooper	Medical Sciences (Ind)	Best final year physiology project
Physiological Society Nominations for highest 'overall marks'	Hannah Robinson Sarah Jones Louise Elton	Medical Sciences Human Physiology Medical Sciences	Highest overall marks
Physiological Society Nominations for highest 'project mark'	Samuel Collins Annabelle Chambers Clair Pringle	Human Physiology Pharmacology (Ind) Sports Science & Physiology	Highest Project mark
LHASA prize in Toxicology	Hannah Robinson	Medical Sciences	Best performance in the BMSC 3131/3232 Topics in Toxicology modules
BMS prize for intercalating medical student	Hannah Wear	Anatomy in Relation to Medicine	Best performance on intercalating degrees within Biomedical Sciences
BMS prize for final year pharmacology	Annabelle Chambers	Pharmacology(Ind)	Best performance on the degrees in Pharmacology
BMS prize for final year neuroscience student	Rachael Powis	Neuroscience	Best performance on the degrees in Neuroscience

Sport and Exercise Science Programmes	Awarded to	Programme	Selection criteria
Sport & Exercise Science	Laura Britten	Sport & Exercise Science	Best performance and contribution to the programme.
Sport Science and Physiology	Sophie Cassidy	Sport Science and Physiology	Best performance and contribution to the programme.
Sport Science & Outdoor Activities	Victoria Briggs	Sport Science & Outdoor Activities	Best performance and contribution to the programme.
Adamson Award	Angela Gardner	Sports Science in Relation to Medicine	Best performance in the field of the Biomechanics of Sport

Faculty Prizes	Awarded to	Programme	Selection criteria
Arthur Chadwick	Joel Beevers	Biochemistry (Ind)	In recognition of Arthur Chadwick's wide range of scientific interests, the prize should be awarded to a student showing similar broad interests.
Crabtree prize (Nomination to the University)	Aaron Bradshaw	Pharmacology	Best overall mark in the Faculty – average of 8.00 (level 1)
Society of Biology Top Student Award	Joel Beevers	Biochemistry (Ind)	Best overall mark in Faculty – average of 81.2 (Level 3)

Congratulations to all students on these achievements and warm wishes for future success.

Director of the Undergraduate School

Simon Harrison

July 2011

Pro-Dean for Learning and Teaching

Professor Dick Killington

Dean of the Faculty

Professor Steve Homans
